Kallithea, February 3<sup>rd</sup> 2022

Dear colleagues,

In an admittedly difficult period for the entire market, with a significant impact on the overall global economy, we remained faithful to our commitments, making a substantial effort to absorb the extra costs of the rising fuel price, which heavily affects the operating costs of our vessels.

However, due to the continuous and significant increase in bunker prices, we are regrettably forced to proceed with an adjustment in our fuel surcharge, applicable to all trucks and trailers travelling in the Adriatic Sea routes, effective as of Monday, February 14<sup>th</sup> 2022.

The new fuel surcharge per route will be as follows:

- Bari route: € 4 per meter, adjusted per truck category
- Ancona route: € 9 per meter, adjusted per truck category
- Venice route: € 8,5 per meter, adjusted per truck category

Attached please find our revised cargo pricelists for the Adriatic Sea routes including the adjusted fuel surcharge.

We remain at your disposal for any clarification.

Yours Sincerely,

George Panagiotidis
