Dear Partners,

The geopolitical instability affecting global energy markets has continued and intensified in recent weeks, leading to a renewed increase in marine fuel prices. As a result, the downward trend in fuel costs observed earlier this year has reversed, creating additional cost pressure on maritime transport operations.

Despite our continuous efforts to absorb these increases and maintain stable pricing for our customers and partners, the current market conditions no longer allow us to fully offset the additional costs. Therefore, in order to ensure the reliability of our transport services, our company will proceed with an adjustment of the fuel surcharge applicable to freight vehicles on the Adriatic Sea routes.

Effective from **the 15th of September 2026**, the fuel surcharge will be revised as follows:

	FUEL SURCHARGE per meter until 14/9/2026	FUEL SURCHARGE per meter as of 15/9/2026
BARI LINE	13,00 €	16,00 €
VENICE LINE	27,50 €	32,50 €
ANCONA LINE	26,00 €	32,00 €

The revised surcharge reflects only part of the increased fuel costs currently affecting maritime transportation. Our company will continue to carefully monitor fuel market trends and make any necessary adjustments to its pricing structure, ensuring transparency and providing customers and partners with timely updates and advance notice of any changes.

Should you require any clarification or additional information, please do not hesitate to contact us.

Yours Sincerely,
